Washington, Iowa
April 15, 2021

Editor: Lori Bauer
Mid-America Region

Vol. 75
No. 10

ATTENDANCE

Members attending the April 6 meeting were: **ALEXANDER, B & L BAUER, D & J HARTMANN, HARTZLER, JOHNSON, KING, MANGOLD, MILLS, PATTERSON** and **WOLF**. Guests were Sandy Ayers and Britney Johnson.

NEWS, NEWS, NEWS

- Thanks to **John Mangold** for arranging the meal from **Jersey Mike's**. The sandwiches were great!
- **Saturday, April 17** is the **Kewash ½ Marathon!** Are we ready?? We will be grilling and serving Pork Burgers along with chips and Cinnamon Rolls! Thanks to **Neil** for volunteering to clean the new grill and for being our head griller for the event. We can use more people to serve food from 7:30-9:30 am and 9:30-11:30 am. Also, could use some help with the clean up. Contact Lori to get signed up.

Y'S MEN NEWS

Would you like to learn more about Y's Men and Women from the US and around the world? Would you like to receive newsletters online that you can read at your leisure? The US Area Alliance Newsletter is published monthly by Fred Leonard. It has a lot of information on clubs and links to club newsletters. The International newsletter, YMI World, is also available online. Learn what clubs around the world are doing. This newsletter also shares information on programs that the Y's Men International supports. Let me know if you would like to be added to the mailing list.

July 10 — Car Show
July 17-23 — County Fair
August 14 — Car Show

MEETING NEWS

Jennine presented a program on **Concession Stand Food Safety**. This was a great time to hear about what we need to be concerned about coming into the Baseball season, Car Shows, ½ Marathon and County Fair. There are five ways that food can become contaminated: Cross Contamination—bare had contact with ready to eat foods (wash hands before gloving), Poor Hygiene (tie hair back, no rings, watches, not be sick), Hot Holding Temperatures (keep at 140 degrees or above), Cold Holding Temperatures (keep at 41 degrees or below), Food from unsafe source (must be inspected). We discussed how to calibrate a thermometer in ice water, only wear aprons in the food booth (not to restroom or outside booth), and when to change gloves (when contaminated by use of phone, touching face or hair, touching unsanitized items such as freezer doors, money, etc.) Cooking temperatures are 145 degrees for whole meats, 155 degrees for ground meat and 165 degrees for poultry and stews. Just a few reminders — don't touch the top of the cups, no hands inside popcorn bags, wash hands and change gloves often. **Thanks** so much, **Jennine** for keeping us safe!

UPCOMING EVENTS

We are going to have a busy next few months! As you can see from the list of Upcoming Events we are going to need lots of people to step up and volunteer. **Thanks to Neil** for volunteering his grilling expertise! If you would like to help organize any of these events, please let **Diana** or **Lori** know. The first Car Show on May 8 will be a learning experience for all of us. After that we should be good on what we need for volunteers and products. The Fly In Breakfast will also be a learning experience. **Does anyone** want to help with contacting airport people to find out what is needed by us? It would be great if we could have several people help with the organizing of each of these so no one is doing all the work. If you are not ready to step up, please be sure to volunteer to work at several of the events. **Sign up sheets** will be available at the upcoming meetings. **Thanks for helping**. We need everyone to help to make the work easier!

THOUGHT OF THE WEEK

“But you Lord, do not be far from me. You are my strength; come quickly to help me.”

Psalm 22:19
